

**FEMP / IAB meeting 2004 and EMC/EMEC/EGEC reunion
9-11 December 2004**

The reunion of EMC, EMEC and EGEC will, just like the last two years, be coinciding with the annual meeting of the organisation that supports the program: FEMP (Federation of European Mineral Programmes) and its IAB (Industrial Advisory Board). Representatives of 25 international companies will be present as well as some 20 representatives of the academia. This ensures that the event will be an excellent opportunity to strengthen your network.

On Friday 10 December Corus will host all participants in Beverwijk, the Netherlands. In the morning the business meeting of the IAB will take place. Students and alumni of the three programs will join at lunchtime and in the afternoon a workshop has been organised by Corus. The theme will be “Mergers and Take overs”. Prior to the workshops will be a one hour session where the participating Industry will present itself.

There will also be tables available where the alumni can put information, brochures, etc. from their company.

In the evening there will be a buffet dinner and drinks in the Castle “Assumburg” in Heemskerk (10 km from Corus), which is member of “Hostelling International”. It also offers budget accommodation. A motel is also available at 10 km. distance.

On Saturday 11th December a program has been worked out near Delft in which the focus is on the development of teambuilding skills. Industrial and Academic representatives are quite welcome to join the students and alumni at these activities.

During these two days there will be many challenging opportunities to revive old friendships and make new ones. Some 100 participants are expected (students, alumni, industry and universities)
