FEMP 2011

WHO WE ARE AT A GLANCE

One of the world's largest mining companies

PLATINUM: No. 1 primary producer of platinum in the world, c. 40% of global output

DIAMONDS: World's leading diamond business: Anglo American owns 45% of De Beers

COPPER: Six operations in Chile, including 44% share of Collahuasi

NICKEL: Major ferronickel operations in Brazil and Venezuela

IRON ORE AND MANGANESE: Comprises operations in South Africa, Brazil and Australia

METALLURGICAL COAL: 4th largest coal producer in Australia

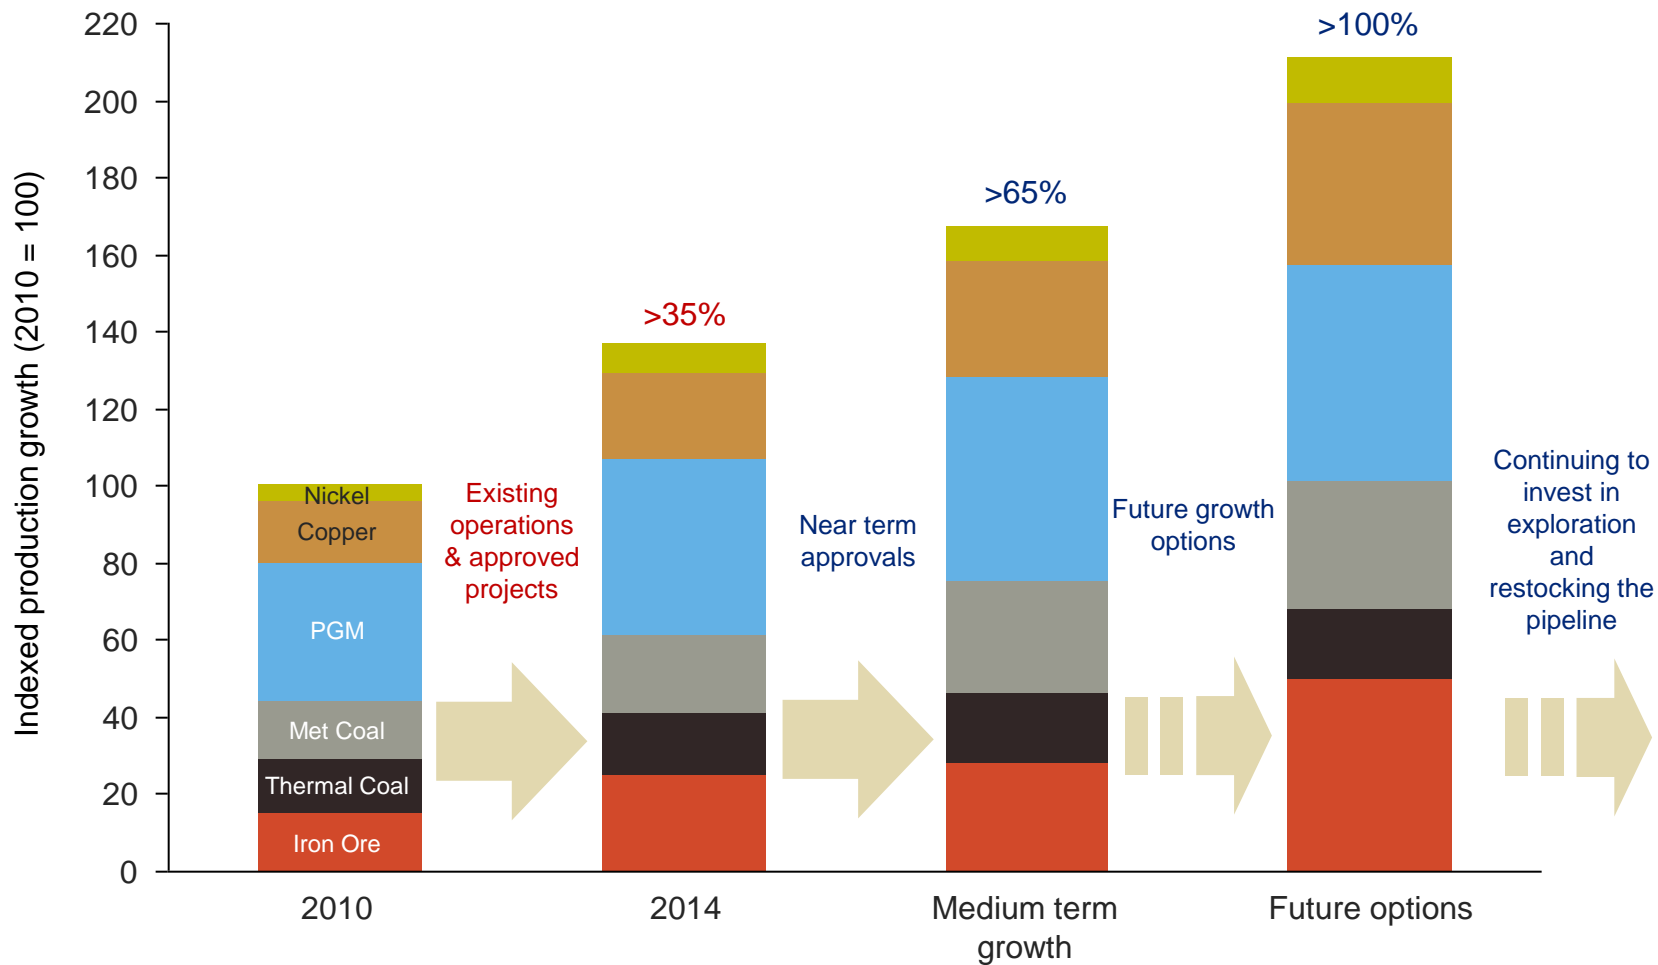

THERMAL COAL: One of South Africa's largest producers and 33% shareholding in Cerrejón (Colombia)

A GLOBAL PLAYER – over 100,000 employees

MATERIAL GROWTH IN SHORT & LONG TERM

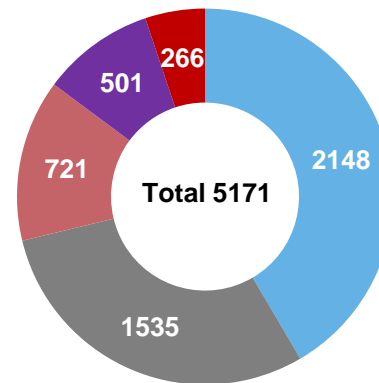

- Indexed production growth charts exclude Diamonds, Manganese, niobium and phosphates

TECHNICAL DISCIPLINES IN ANGLO AMERICAN

- **5171 “professional technical staff employed across the world as at end 2010**

- Mining
- Engineering
- Metallurgy
- Geosciences
- Projects

- Mining
- Engineering
- Metallurgy
- Geosciences
- Projects

WHAT DOES ALL THIS MEAN FOR YOU?

- Our growth pipeline will mean that the number of permanent opportunities will increase in every discipline
- Recruitment of these roles is done by each Business Unit
- Equally for intern/summer placement roles each Business Unit recruits
- On the Geosciences side the STEP programme provides a good entry route
- For both intern and permanent roles please register your details and interest on www.angloamerican.com/careers/vacancies

THANK
YOU
